FOR IMMEDIATE RELEASE

October 2008

### ORTECH DISTRIBUTORS PROVIDES AFFORDABLE SILENCE FOR HOMEOWNERS

#### Partnership with GNN Enables Ortech to Provide Reasonably Priced, Dependable, Ultra Quiet Ventilation Fans

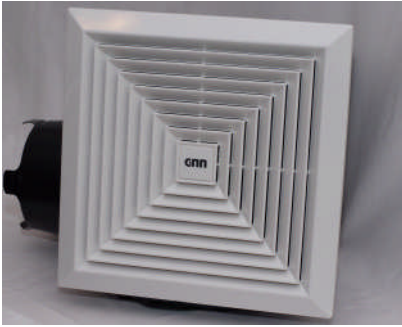

Ortech Distributors has partnered with Welson Group, the makers of GNN fans to provide distributors, contractors and homeowners with a reasonably priced, ultra quiet alternative to the current brands available. They are a **reliable, energy efficient choice** for anyone in search of a ventilation fan and the fact that the retail price is much lower than other brands makes them more affordable in today's tough economic times.

With a recent partnership with GNN, Ortech is able to provide a complete line of **reasonably priced, dependable, ultra quiet ventilation fans** for any homeowner. These low-noise premium fans benefit all users as they provide excellent ventilation without the discomfort of an unnecessary noisy motor. Contractors profit from the fan's easy installation and the satisfaction their customers receive from this quality product. Overall these worldwide recognized fans are a **reliable, energy efficient choice** for today's homeowner.

These fans are available at select HVAC distributors and at [www.gnnfans.com](http://www.gnnfans.com).

(more)

**Ortech Distributors Inc.** was launched in 2001 by current President, Jagjiwan Singh. Located in the Metro Vancouver area, Singh positioned Ortech an importer of manufactured products

from China. Singh's focus was to create a network of contacts across Western Canada who would carry Ortech's line of lighting and electrical products.

Since its inception, an aggressive purchasing force based in Hong Kong as well as unwavering sales reps has expanded Ortech from a supplier of a small line of lighting fixtures to supplier with unlimited potential. Ortech now features a large variety of lighting, electrical and bath products and is constantly researching and adding new products to its line up.

Ortech specializes in several collections of decorative lighting fixtures; a complete selection of recessed fixtures; a whole line of electrical devices and boxes; and select plumbing fixtures including GNN Ventilating Fans. These products are all certified by the necessary American and Canadian standards and are primarily distributed through showrooms, electrical wholesalers and HVAC distributors. For more information on any of these other products please visit [www.ortechdistributors.com](http://www.ortechdistributors.com) or call 1-888-543-6473.
